

Louies Modern

DAROFFDESIGN

Louies Modern is a family owned and operated 92-seat fine dining restaurant in Sarasota, Fl. The concept is based on the warmth, comfort, elegance, and unpretentiousness of southern hospitality. DDI's crisp, clean look is inspired by the freshness of local organic ingredients used to create global cuisines that are timelessly modern.

Slight retro touches pay homage to the Seidensticker

family's father and his provocative era, when well-mixed cocktails, sophisticated food and good company were the status quo. Louies Modern honors the father, Louie, who was a self-taught culinary master, passionate about good food and drink, just as its sister restaurant, Libby's Café and Bar, pays tribute to the family matriarch and her come-as you-are nature.
